

# MONTANA RESIDENT

# 2017

## RESIDENT DEER AND ELK PERMIT APPLICATION PACKET

Montana Fish,  
Wildlife & Parks

Easily determine where you need a permit to hunt  
Mule Deer Bucks and Bull or Antlerless Elk.

Apply by March 15th

- ▶ The deadline for antlerless Deer B, Elk B, Antelope, and Antelope B license applications remains June 1, 2017. Moose, Sheep, Goat and Bison license application deadline is May 1, 2017.

### ▶ New and Important Information

- ▶ If you are applying for an elk permit that is only valid during the Archery Only Season (410-21, 620-21, 631-21, 632-21, 690-21, 798-21 or 900-20), you must purchase a bow and arrow license before you submit an application. Applications for these districts without the bow and arrow license prerequisite will be removed prior to the drawing.
- ▶ All Elk B Licenses previously offered in **Region 1** are now **"antlerless elk permits."**
- ▶ Elk hunting in many HDs **or portions of HDs** in **Regions 2, 3 and 6** now offer **"antlerless elk permits"** instead of, or in addition to, elk B licenses. If you seek to harvest an antlerless elk using an antlerless **permit** in those hunting districts, you must apply for an antlerless elk **permit** by March 15. The deadline to apply for elk **B licenses** is June 1.
- ▶ Youth using the apprentice licenses are not eligible to apply for permits with a limited quota.
- ▶ A conservation license and base hunting license are required as a prerequisite to obtain a hunting license.
  - You must hold a general deer license in order to apply for a deer permit.
  - If you hunt during an archery season, including with an archery only permit, you are required to purchase a 2017 bow and arrow license.
  - Any applications without the correct five-digit hunting district permit code will be removed from the drawing.

### 2017 DEER & ELK SEASON DATES

Archery (bow and arrow license required) ....Sept. 2 – Oct. 15  
Youth (deer only, 2-day hunt) .....Oct. 19 – Oct. 20  
General .....Oct. 21 – Nov. 26

Backcountry (HD's 150, 151, 280, 316\*)

Archery.....Sept. 2 – Sept. 14

General .....Sept. 15 – Nov. 26

\*No archery only season in HD 316

## This application package is for Deer and Elk permits. Apply using the following steps:

### 1. Determine if you need a deer or elk permit in your hunting area. A permit and a general license are required to hunt mule deer bucks and bull or antlerless elk in certain hunting districts.

Review the included maps for deer and elk. If the hunting district where you wish to hunt indicates a permit is required, you must apply by March 15. If the map indicates that no permit is required, your general Deer or Elk license is all you need to hunt there in 2017.

### 2. Pick the correct five-digit permit code. Know the hunting district.

Some hunting districts have more than one option for a permit—one for archery only or general season only, and one for archery and the general season. Some permits are also valid for more than one hunting district. Check the hunting district before you choose. Learn about the hunting district you wish to hunt before applying for the permit.

Visit: <http://fwp.mt.gov/hunting> for hunting district details. **Note: You must list all five digits in a permit area on your application. Failure to list all five digits will result in an invalid permit choice.**

### 3. Check your odds of drawing a permit.

The general drawing statistics for elk and deer permits are located below the deer and elk hunting district maps.

### 4. Are you using bonus points?

If you wish to participate in the Bonus Points Program, make sure that you check “YES” on the Bonus Point questions and include the \$2 Montana resident fee per species permit type.

### 5. Are you applying as a party?

#### **For paper applications:**

Make sure:

- (1) all party members complete their own application;
- (2) all party members apply for the same hunting districts, in the same order and all party members must choose to either participate or not participate in the bonus point system;
- (3) all party applications are submitted in the same envelope. Party applications received separately will not be put in the drawing with the party.

#### **For online applications:**

The party establisher must list all party members and provide the party number to all members. Each member must apply online for that party. If the party number is not on the application, that application will not be included as a party member.

### 6. Complete your application, but only after you've purchased your prerequisite Conservation License and Base Hunting License (and a 2017 General Elk or Deer License, if you apply for an elk or deer permit). If applying for an archery

only permit you must purchase your archery license before applying.

#### **For paper applications:**

- Fill in your date of birth and ALS # then fill out all mandatory information
- Fill in all five digits for each permit (failure to have all five digits is considered an incomplete application and removed from the drawing.)
- Double-check your math
- U.S. Postal Service postmark no later than March 15

#### **For online applications:**

- Go to <http://fwp.mt.gov>, and select “Buy a License” in the top right corner of the home page.

## License and Permit Types

- **Conservation License:** A new Conservation License, purchased each license year, is required as a prerequisite to purchase any fishing, trapping or hunting license(s), or to apply for licenses/permits.

In compliance with the Federal Welfare Reform Laws, Montana law requires each resident and nonresident hunter, including youth, to provide the last four digits of his/her Social Security number when purchasing a Conservation License or obtaining a Conservation License through a drawing.

- **Base Hunting License — \$10:** This includes the Hunting Access Enhancement Fee and is required as a prerequisite to purchase any hunting licenses.
- **Bow and Arrow License — \$10:** In addition to a current year hunting license, a Bow and Arrow License is required to hunt during: (1) any Archery Season; or (2) to archery hunt in any “Arch-Equip Only” area or hunting district. If you are applying for an elk permit that is only valid during the Archery Only Season (410-21, 620-21, 631-21, 632-21, 690-21, 798-21 or 900-20), you must purchase a bow and arrow license before you submit an application.
- **General Deer License:** Valid for one deer. Hunters may hold only one General Deer License, which can be used for deer as indicated under the “General Deer License” heading in the deer and elk hunting regulations.
- **General Elk License:** Valid for one elk. Hunters may hold only one General Elk License, which can be used for elk as indicated under the “General Elk License” heading in the deer and elk hunting regulations.
- **Permit (Deer or Elk):** The permit must be used with a General Elk or Deer hunting license. A permit is not a second license and does not allow the holder to kill an additional animal. Rather, it expands the opportunity to hunt for a species in a particular hunting district allowing the hunter to harvest a mule deer buck, bull or antlerless elk. A General Elk License is a prerequisite to apply for an elk permit.
- **B License (Deer or Elk):** The B license is an antlerless deer or elk license valid during a specific time period and in a particular hunting district or group of districts. A conservation license and a base hunting license are required prerequisites. Most B licenses will be offered through a drawing with a deadline of June 1 — or over the counter starting Aug. 7.

## Party Applications

Party applications allow everyone to either obtain a license/permit or not. Either everyone in the party is successful in obtaining a license/permit or everyone is unsuccessful. A party of individuals is assigned one random number in the computer. If that number is drawn, each member of the party receives a permit/license. The maximum number of applicants in a party is five members.

If you apply as a party, each party member must list the identical license/permit choices in the identical order on his/her application. All party members must choose to either participate or not participate in the bonus point system or they will be taken out of the party. The success rate for applying as a party versus as an individual is about the same. However, if a resident applies with a nonresident in the party, the whole party is considered "nonresident" in the drawing.

**All party members must apply in the same manner - either online using the same party number issued to the party establisher OR all on paper submitted in the same envelope.**

Montana does not allow "party hunting" per se — rather each hunter must harvest his or her own game. It is unlawful to loan or transfer a license to another or to use a license issued to another.

## Hunter Education & Youth Hunts

- **Hunter Education Requirement:** A resident who was born after January 1, 1985 must list his or her Montana Hunter Education letter & number OR submit with this application a copy of the certificate verifying that he/she has completed a course in hunter education from any other state or province.
- **Youth Hunter Requirements:** Youth who have completed Hunter Education and will turn 12 years of age before Jan. 16, 2018, may purchase licenses and hunt after Aug. 15, 2017.
- **Apprentice Hunter:** This opportunity allows youth 10-17 years of age to obtain a certificate to hunt without completion of Hunter Education. The apprentice hunter must be accompanied by a mentor at least 21 years of age and follow the apprentice hunter rules. Apprentice hunters cannot apply for limited permit or license drawings. For more information go to: <http://fwp.mt.gov/apprenticeHunter>
- **Bowhunter Education Requirements:** To purchase a Montana Bow and Arrow License, a hunter must provide a certificate of completing the National Bowhunter Education Foundation course; or provide any prior year's bowhunting/archery stamp, tag, permit, or license from any state or province; or pay \$5 and sign an affidavit stating to the FWP Enforcement Division that the hunter previously held such a license.

## Bonus Point System

If you wish to participate in the Bonus Point Program, check bonus point on the application and include the required fees.

- You must pay the fee when applying to use or gain bonus points.
- Applicants accumulate one base bonus point for each unsuccessful year.
- The bonus points become extra chances in future drawings.
- The number of chances in a drawing equals the existing bonus points squared, for that permit type.
- An applicant may skip two consecutive years of participation without forfeiting accumulated points, but if an applicant misses the third year, all accumulated points for that permit type are lost.
- Rejection of an application because of applicant error is equivalent to failure to apply.
- Current status of bonus points is available online on the FWP website at <http://fwp.mt.gov>.
- The base bonus points for a party are the average of their individual base bonus points rounded to the nearest whole number.

## Drawing Applications

If applying for a permit, your first choice is required, second and third choices are optional. If you have only one choice, do not repeat the choice as second and third options.

- Your second choice will only be considered if there is quota remaining after all applicants with that district as a first choice have been filled, or the quota is Unlimited and allows second choice applicants.
- Your third choice will only be considered if there is quota remaining after all applicants with that district as a first or second choice have been filled, or the quota is Unlimited and allows third choice applicants.
- Your best chance to use your second or third choice is if you choose a permit where the drawing odds are 100 percent or unlimited and allow second or third choices.
- Nonresidents are limited to up to 10 percent of the permits available in any district.

## Landowner Preference

The back of the application lists the qualifications for landowner preference and should be completed by individuals who wish to have landowner preference applied to their deer or elk permits. Landowner preference applications must be submitted on paper applications only.

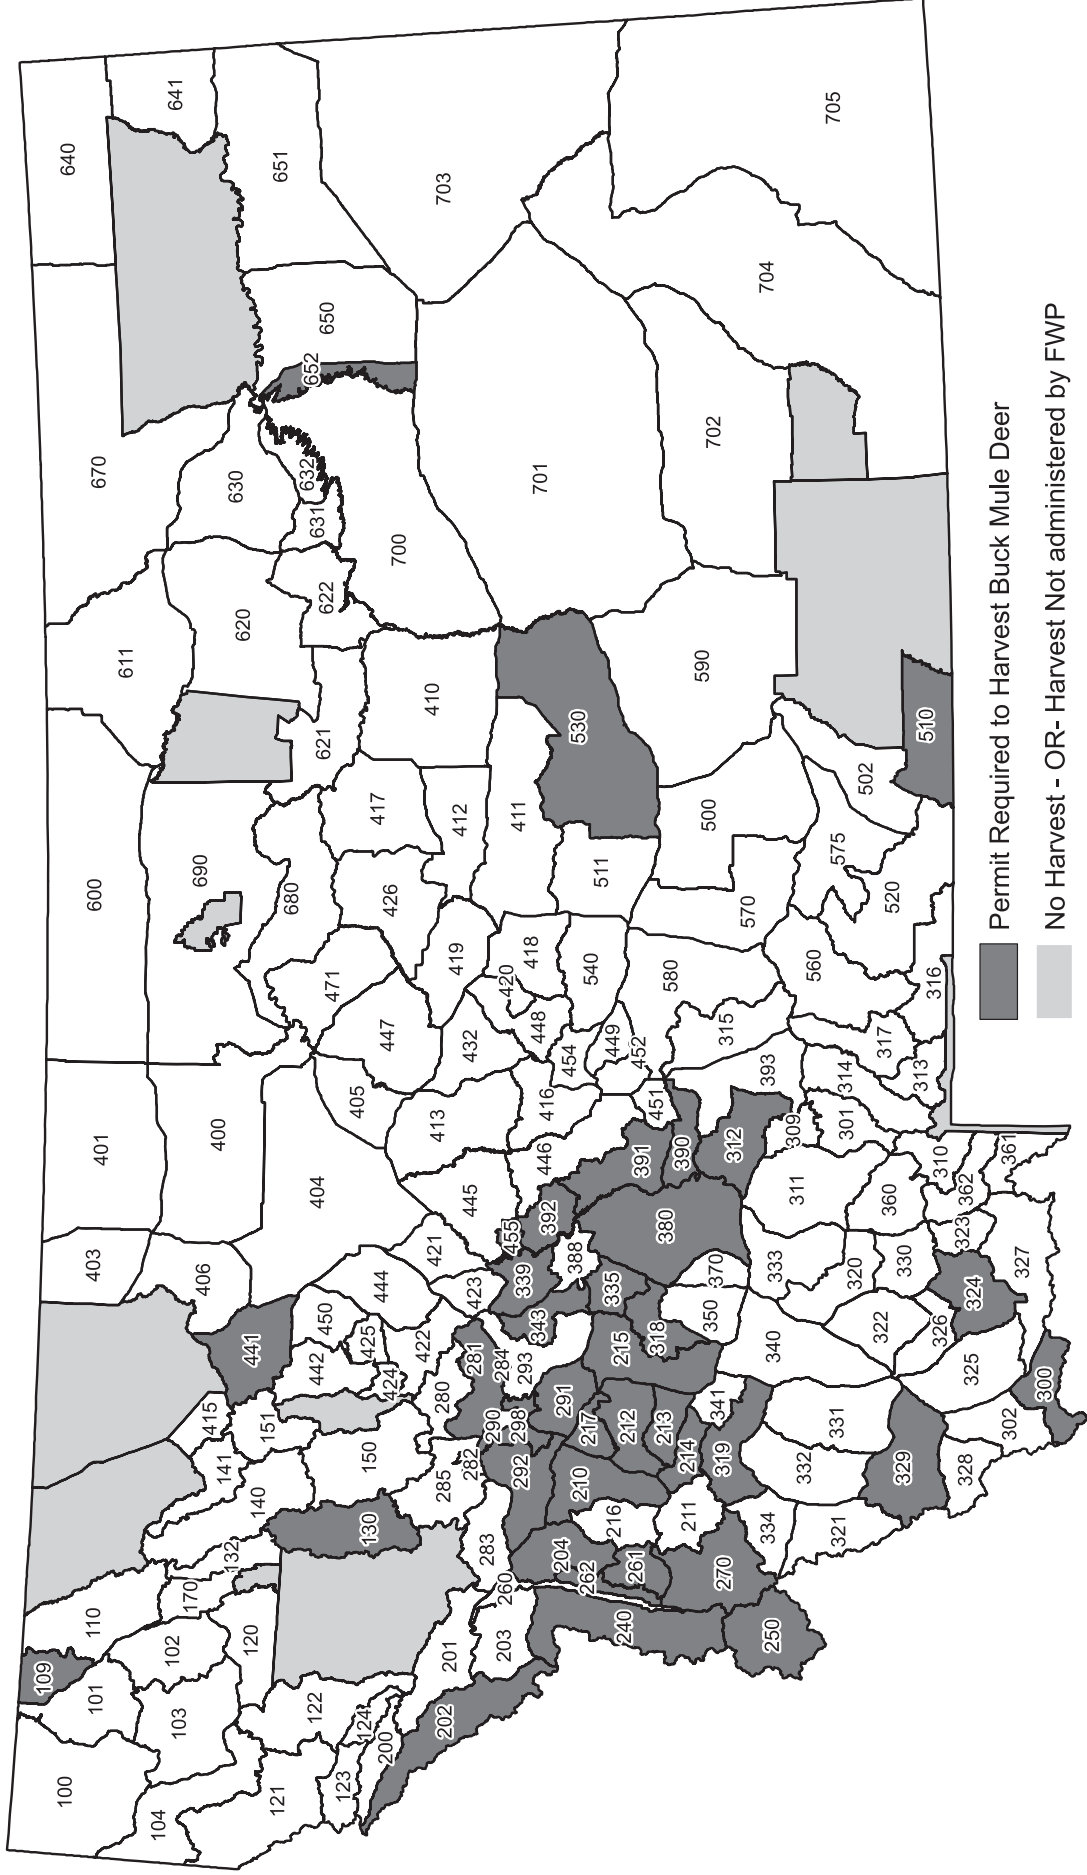

Apply for licenses online and learn more about hunting in Montana:

<http://fwp.mt.gov/hunting/planahunt/drawingStatistics>

### Deer Permits. Apply by March 15

- Applicants must possess a 2017 general deer license in order to apply. Hunters who receive a deer permit must use it with a current general deer license. A deer permit does not allow you to take a second deer.
- Hunters with a deer permit valid for taking an antlered buck mule deer may not hunt antlered buck mule deer anywhere else in Montana even if the General Season or Archery Only Season is open to mule deer buck hunting with a general deer license. This applies to all deer permit areas, whether Limited or Unlimited, for antlered buck mule deer.
- No more than 10 percent of a quota may be issued to nonresidents. If residents apply as a party with nonresidents the 10 percent rule will apply to the party.

- Permits and licenses are labeled with three-digits followed by a dash and then two-digits (such as "213-50"). The first three digits may identify the hunting district, and the last two digits are FWP codes for additional opportunities related to that license or permit. Use all five digits. Hunting districts in which the permit is valid are listed in column 3.

- For hunting district legal descriptions, visit <http://fwp.mt.gov/hunting>. For more information visit FWP's website at <http://fwp.mt.gov>, or contact the License Bureau at 406-444-2950.

DEER PERMIT DRAWING OPPORTUNITIES			
Permit	Quota	Valid in HD(s)	HD restrictions and/or other restrictions
Region 1 Deer Permit. Drawing Only. Apply by March 15.			
109-50	10	109	Valid for Antlered Buck Mule Deer from Nov 13 - Nov 26.

### Elk Permits. Apply by March 15

- Applicants must hold a 2017 general elk license in order to apply. Hunters who receive an elk permit must use it with a current General Elk License. An elk permit does not allow you to take a second elk.
- Elk permits, allotted by drawings, allow you to hunt in a restricted area or time period or to harvest a bull or antlerless where harvest restrictions exist for hunters who have only a General Elk License.
- No more than 10 percent of a quota may be issued to nonresidents. If residents apply as a party with nonresidents the 10 percent rule will apply to the party.
- Permits and licenses are labeled with three-digits followed by a dash and then two-digits (such as "212-00"). The first three digits may identify the hunting district, and the last two digits are FWP codes for additional opportunities related to that license or permit. **Use all five digits.** Hunting districts in which the permit is valid are listed in column 3.
- For hunting district legal descriptions, visit <http://fwp.mt.gov/hunting>. For more information visit FWP's website at <http://fwp.mt.gov>; or contact the License Bureau at 406-444-2950.

ELK PERMIT DRAWING OPPORTUNITIES			
Permit	Quota	Valid in HD(s)	HD restrictions and/or other restrictions

LANDOWNER'S SIGNATURE

X

I have read the requirements for Landowner Preference as listed below and hereby declare that I am an eligible landowner.

FOR ALL LANDOWNER PREFERENCE: **Landowner preference is applied only to the first choice hunting district.** Partnerships may delegate landowner preference to a member of the immediate family (blood-related or marriage-related), a partner or an employee who have state, federal or FICA taxes withheld from their pay. A corporation may delegate landowner preference to one shareholder. Only one person may be delegated landowner preference for each sole proprietorship, partnership or corporation. If the permit or license is valid for a portion of the hunting district only, the landowner must own the required acres within that portion. You **may NOT** apply for landowner preference for Deer or Elk permits if you are applying as a party member. Lessees do not qualify as landowners.

FOR DEER PERMIT: To qualify for landowner preference, you must own at least 160 acres of land in the hunting district for which you are applying. Your property must be primarily used for agriculture. **Hunters who draw a special permit to hunt mule deer bucks may not hunt mule deer bucks anywhere else in Montana.**

FOR ELK PERMIT: To qualify for landowner preference, you must own or be contracting to purchase at least 640 acres of contiguous land, used by elk in the hunting district for which you are applying. Unusual or infrequent sighting of a few elk is not sufficient qualification for landowner preference. Contiguous land is land that is not interrupted by adjacent private, state land or public land.

**Legal Description of qualifying land; (Township, Range and Section) List below or attach legal description of deeded land.**
